Editing Workshop: Jan. 13 & 20

*Al Fasoldt's Technofile Seminars,
hosted by Liverpool Community Church.*

More information: (315) 635-4641, or afasoldt@twcny.rr.com.

Photo editing workshop Jan. 13 & 20

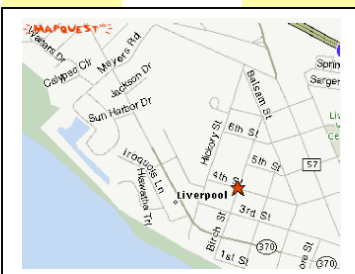

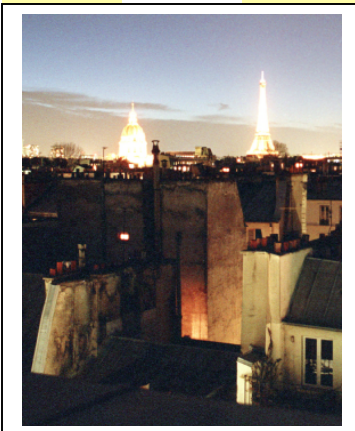

The second workshop in Al Fasoldt's current series of photography seminars will be held in Liverpool, N.Y. in January 2007. The all-day Photo Editing Workshop will be conducted twice — from 9 a.m. to 4 p.m. on both Jan. 13 and Jan. 20 in Room 301 of Liverpool Community Church, 800 4th Street, Liverpool. Sign up for the date that works best for you using the form below. A third workshop date, Jan. 27, will be added if necessary.

The Photo Editing Workshop costs \$60. It is open to everyone from the Central New York area. As we did in

the first workshop, we will refund the full cost of the workshop to the participant who travels the farthest. If you're a long way from Liverpool, you might end up with a free \$60 session.

If you have a Windows laptop computer or an Apple Macintosh OS X laptop or iMac, please bring it to class. We will have a few Windows PCs and Macs available for sharing among those who can't bring their own computers.

Windows photo editing software will be available without charge. Mac users should have a recent version of iPhoto installed.

Return this form (one for each participant)
